Degree: Associate in Science (AAS5)  
Major: ASSOCIATE IN SCIENCE  
Emphasis: Environmental Science

Credit Requirements: 64 semester credit hours

The Environmental Science courses in the Associate in Science degree is designed for students seeking acceptance in Environmental Science programs at the two-year level, or programs at senior institutions such as Coastal Carolina University, Clemson University, or the University of South Carolina. Such programs may include Marine Science, Environmental Toxicology and Geography.

The courses suggested for this program are intended to help prepare students for the demands of the Environmental Science degree programs and are those courses needed to fulfill the degree requirements of most institutions. A student planning to transfer to another college or university should obtain a copy of that institution’s catalog to ensure courses will transfer and apply to their chosen degree.
