If you are a student in Good Academic Standing that means that you have maintained a minimum of a 2.0 Grade Point Average (GPA) for the term. Some academic programs have more stringent requirements to remain in the program of study. Students are advised of these requirements in program progression standards. It is the responsibility of the student to be aware of the requirements for his/her program of study. Financial aid programs have different Standards of Progress and a student may enroll, but receive no financial aid.

If you are a student who is on Academic Warning you have a semester GPA which has fallen below 2.0. You should meet with your academic advisor, seek tutoring services and consider reducing the number of classes attempted for the Academic Warning term.

If you are on Academic Probation, you have failed to earn a 2.0 GPA for two semesters in a row. You are strongly encouraged to meet with a member of the counseling staff and/or your academic advisor to determine a course of action to improve your academic performance.

If you are on Academic Suspension you have failed to earn a 2.0 GPA while on Academic Probation. You will be suspended from the College for one semester. Once you are re-admitted you must achieve a minimum 2.0 GPA in all classes attempted. It is also recommended that you should also include participation in counseling through Student Services as well as participation in tutoring.
